This is an example manuscript for AJCPP abstract. This manuscript is printed in a bound volume, which is distributed to all participants at the conference. The abstract must be in English. Use 10pt. characters Times-Roman or Helvetica fonts preferably. Use a single spaced, one-column format in A4 paper (210 × 297mm.) You must have a right, left, top, and bottom margin of 25mm. [Page number is limited to 1 pages.](#)

The manuscript must be written in this one-page format with no less than 400-word abstract and one or two key figures/Tables. The abstract should indicate the subjects dealt with in the paper and should state the objectives of investigation. Newly observed facts and conclusions of the experiment or argument discussed in the paper must be stated. The abstract should *not* contain equations, symbols and discussions of proposed future research unless absolutely necessary. Color figures and photographs will be printed in gray scale. (Fig. 1) Captions should be attached to the figures and tables. All the labels, letters and captions must be written in English.

Submit the abstract manuscript in an electronic form in the Adobe acrobat PDF form. Upload the file via AJCPP web-site via <http://www.jsass.or.jp/propcom/ajcpp2010/> . If you have a trouble in making an electronic form, a camera-ready copy of the manuscript is also acceptable. Send it to the AJCPP2010 office propcomm@jsass.or.jp by e-mail.
